Ministry to propose unity initiative to Cabinet

KANGAR: An initiative to enhance the spirit of patriotism among Malaysians is being planned by the National Unity Ministry, says Minister Datuk Aaron Ago Dagang.

He said the "Ini Malaysia Kita" (This is our Malaysia) initiative, based on the principles of the Rukun Negara, would be brought to the Cabinet later.

"The initiative is aimed at instilling and fostering the spirit of unity in diversity, and a sense of love for the country," he told reporters after officiating the ministry's mandate assembly for Perlis and Kedah branches, at Dewan 2020 here yesterday.

The event was attended by about 700 staffers from various departments under the ministry such as the National Unity and Integration Department, the Museums Department, the National Archives and the National Library, Bernama reported.

Aaron said the National Unity Index 2.0 study, jointly conducted by the Institute of Ethnic Studies and Universiti Kebangsaan Malaysia to measure the level of unity, showed a value of 0.629.

"This means the unity in the country is at a moderate and controlled level," he added.
