# Ministry initiative to boost patriotism

**KANGAR:** To enhance patriotism, the National Unity Ministry plans to introduce the "Ini Malaysia Kita" initiative, based on the principles of the Rukun Negara, said its minister Datuk Aaron Ago Dagang, adding that it would be presented to the Cabinet later.

"The initiative is aimed at instilling and fostering the spirit of unity in diversity, and a sense of love for the country," he said.

He was speaking after officiating at the ministry's mandate assembly for the Perlis and Kedah branches yesterday, which was attended by nearly 700 staff from the departments under the ministry, namely the National Unity and Integration Department, Museums Malaysia Department, National Archives and the National Library.

Meanwhile, he said the National Unity Index 2.0 study was jointly carried out with the Institute of Ethnic Studies and Universiti Kebangsaan Malaysia to measure the level of unity. – Bernama
